

The Inside Rail

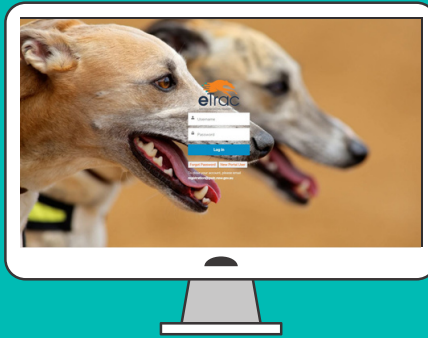

Helping you to make a clean start

It's time do a spot of spring cleaning and the good news is that we are here to help!

Since making the switch to eTrac you may have noticed some old stock in your one-stop shop. But don't worry, we'll help with a spring clean to get things in order.

Just fill out a notification using eTrac to let us know what needs amending. If you have any questions contact us on 13 49 42 (13 GWIC).

Yet to sign up to eTrac? Just scan the QR code to get off and racing.

Submitting more paw-sible names

Have you come up with a fetching suggestion to submit as a name for your greyhound?

Well, keep the thinking cap on for a little bit longer and you will find yourself in the fast lane.

You can submit up to **10** possible names for each greyhound. The more names you submit, the quicker and easier the application can be processed.

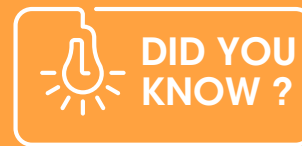

You can find the naming form in your eTrac account.

Reminder to check in before you check out

When planning how to help find new and loving homes for your greyhounds once they are retired, there are guidelines to follow.

It is important to note that one of these requirements is that a registered greyhound can only be rehomed to a council rehoming facility (pound) with prior permission from the Commission.

DID YOU KNOW ?

A Gosford record with a difference

Gosford recently witnessed a history-making moment when the main roles at the meeting were filled by female staff.

Code of practice

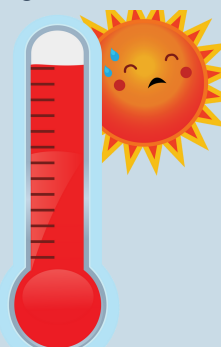

Part 5: Housing and environment

While in outdoor yards and other enclosures, with the exception of empty out yards, greyhounds must have access to shelter from:

From the Stewards' box

IT'S A HOT TOPIC: As we're in for some very warm weather in the coming months, it is important to keep your eye on the temperature and know what it means for you and your greyhounds.

26°C: Racing abandoned when temperature in the kennels exceed 26°C.

32°C: Dogs can be withdrawn from races without penalty. Submit applications prior to the official scratching time for the race meeting.

38°C: All racing abandoned.

For more information head to the GWIC website and check out our Race Day Hydration and Hot Weather Policy.
